

Writing a Postcard

WR 5.9 I am learning to write a postcard.

The form is a large rectangle divided into several sections. At the top is a large, empty rectangular area for drawing. Below this is a horizontal line. Underneath that horizontal line is a vertical line that runs down the page. To the left of this vertical line are 14 horizontal lines for writing a message. To the right of the vertical line, there is a small empty rectangular box in the upper right corner for a stamp. Below the stamp box are 5 horizontal lines for writing an address.
