

## The Kite

Characters: Rai, Peter, Jacob

### Scene 1

A field with trees and bushes around the edge.

Rai: Hey guys, look at my amazing new kite I had for my birthday. It flies really high. Do you want to see it fly?

Peter/Jacob: Yes, please!

Rai unwinds the string and lays the kite out on the floor.

Rai: Peter, you hold the kite.

Jacob: But I want to hold the kite...

Rai: In a minute, let's just get it flying. Peter you have to run fast, with the kite above your head and I will unwind the string. Then, when you feel the wind taking the kite, throw it up. Okay?

Peter: (muttering) Okay, I have flown a kite before!

Rai: Go! RUN! FASTER! (wind starts to take the kite) LET GO!

The kite flies in the sky before getting caught up in a tree.

Rai: (upset) My kite...

Jacob: (grinning) That wouldn't have happened if I'd held the kite. I would have checked which way the wind was blowing first.
