

## WORKSHEET A

### ICELAND

Iceland is a big country with a small population. Only 1. \_\_\_\_\_ people live there, and most of them live in the capital city, which is called Reykjavik. Iceland was discovered by the Vikings by accident 1100 years ago, and they found everything they needed to live there. Today, tourists come from all over the world to see the spectacular beaches, some of which are an incredible 2. \_\_\_\_\_ colour. There are hot springs that you can swim in, even when it's freezing cold. Many Icelanders believe that trolls live in rocks in the mountains. They say that the trolls look like small humans and need to be treated with respect.
